

Project Update

Our current custom home is making great progress! The finishing stages are underway, and it's exciting to see the vision come to life. Recent milestones include drywall finishing, tile installation, waterproofing, interior doors and trim, insulation, and exterior preparation. Every phase brings us one step closer to delivering a beautiful home built to last.

Be sure to follow us on Facebook, Instagram, and LinkedIn for weekly project updates and behind-the-scenes videos with Micah as he shares the craftsmanship and attention to detail that go into every home we build.

THINK BEYOND TODAY

When designing your custom home, don't just think about how you'll live in it today—think about how you'll live in it ten or twenty years from now. Consider flexible spaces that can grow with your family, plenty of natural light, ample storage, and indoor-outdoor living areas that you'll enjoy throughout Southern Utah's beautiful seasons. A thoughtfully designed home doesn't just meet your needs today—it continues to serve your family for years to come.

Exciting Changes Are Coming!

You may notice a few changes over the coming months! We're in the process of refreshing the Platinum Construction & Development brand to better reflect who we are and the exceptional homes we build.

We're updating our website, introducing new marketing materials, and launching our **Wow Factor** series to share more home inspiration, project updates, and behind-the-scenes content with you

We're also proud to introduce our new motto:

Integrity is the Foundation We Build On.

While our look is evolving, our commitment to exceptional craftsmanship, transparent communication and serving our clients with integrity remains exactly the same. We can't wait to share what's ahead!

“WOW FACTORS”

The Front Door

The Statement Chandelier

The Hidden Pantry

Luxury is found in the details, and our new **Wow Factor Series** is all about showcasing the features that make a custom home truly unforgettable.

So far, we've highlighted three favorites:

The Front Door – Your home's first impression. A thoughtfully chosen front door sets the tone for everything inside and creates a warm welcome for family and guests.

The Statement Chandelier – More than just lighting, a chandelier adds elegance, personality, and a stunning focal point that elevates any space.

The Hidden Pantry – Beautifully concealed behind custom cabinetry, a hidden pantry combines style and function, keeping your kitchen organized while adding an element of surprise.

Be sure to follow us on Facebook, Instagram, and LinkedIn as we continue sharing more Wow Factors to inspire your dream home. You never know which feature will be your favorite!

TEAM HIGHLIGHT

We're excited to welcome **Tyler Taylor** to Platinum Construction & Development as our new **Project Manager**! Tyler recently relocated from Idaho, where he gained valuable experience managing residential construction projects.

We're excited to have Tyler on our team and look forward to the leadership, organization, and expertise he brings to every project. Welcome to the Platinum family Tyler!

WHAT'S NEXT?

There's a lot to look forward to! We're continuing to make progress on our current custom home projects, sharing new **Wow Factor** features on social media, and rolling out exciting updates to the Platinum Construction & Development brand.

Stay tuned—there's more to come!
